### PROFILE

I'm Web Developer from Surat. I enjoy turning complex problems into simple, beautiful and intuitive designs.

My job is to build your website so that it is functional and user-friendly but at the same time attractive. Moreover, I add personal touch to your product and make sure that is eye-catching and easy to use. My aim is to bring across your message and identity in the most creative way.

### WORK EXPERIENCE

#### Red and White Multimedia Education

2024 - PRESENT

##### Web Designer Faculty

- As a Web Design Faculty member at Red and White Multimedia Education, I play a key role in shaping the next generation of web designers through comprehensive instruction and hands-on projects. My responsibilities include:
- Developing and delivering curriculum for web design courses, ensuring alignment with industry standards and emerging trends.
- Instructing students on fundamental principles of web design, including HTML, CSS, JavaScript, and responsive design techniques.
- Integrating relevant technologies and tools into coursework, such as Adobe Creative Suite, Sketch, and prototyping software.

#### Rizzly Store (Online Shop)

2020 - 2021

##### UI-UX Design

- Creative and detail-oriented UI/UX Design Specialist with a proven track record of optimizing user experiences and driving conversion rates in the online retail sector. Possessing a keen understanding of user behavior and industry trends, adept at translating business goals into intuitive, visually appealing interfaces. Proficient in utilizing various design tools and methodologies to deliver seamless digital experiences.
- Proficient in Adobe Creative Suite (Photoshop, Illustrator)
- Experienced in Figma, and other UI/UX design tools
- Strong understanding of HTML, CSS, and JavaScript for front-end development

### TECHNICAL SKILLS
